Part A - Website Structure and Layout

Overall Website Direction

The website should present Takara Haya Medical L.L.C. as a newly established UAE-based medical company focused on medical distribution, representation, infection control, PPE, medical consumables, healthcare zoning, and medical support for critical facilities.

The website should not look like a small trading website. It should look like a serious, clean, premium medical company with international partnerships.

Page	Purpose
Home	First impression: company positioning, what the company does, who it supports, leadership preview, and contact action.
About Us	Company background, vision, mission, purpose, and values.
Leadership	Chairman message and key people profiles.
Partners	International partners, manufacturer representation, distribution role, and partner logo area.
Medical Solutions	Healthcare product categories and request catalogue/quotation section.
Healthcare Zoning	Zoning concept, facility areas, products by zone, and zoning benefits.
Critical Facilities Medical Support	Medical-only support for critical facilities including nuclear power plants; no technical nuclear positioning.
Compliance & Quality	Documentation, quality, certifications, and product evaluation support.
Contact Us	Contact details, form fields, inquiry types, and call-to-action buttons.

Design Requirements

- Clean, professional, medical-focused and premium.
- Use white, charcoal, warm grey, and subtle gold accents. Avoid blue as the main color.
- Use high-quality leadership photos and medical-related visuals.
- Use clean icons for medical consumables, PPE, infection control, zoning, partners, pharmacies, hospitals, and critical facilities.
- Design should appeal to both private/government healthcare clients and international manufacturers.

Part B - Final Website Page Content

PAGE 1

Home

Homepage should quickly explain who Takara Haya is, what it offers, and why clients or manufacturers should contact the company.

Section 1: Who We Are

Heading: Takara Haya Medical L.L.C.

Subheading: A newly established UAE-based medical company connecting trusted international healthcare manufacturers with hospitals, clinics, pharmacies, healthcare providers, and critical facilities across the UAE and GCC.

About Us

About Us should explain the company clearly, including vision, mission, purpose, and values.

Section 1: Page Header

Heading: About Takara Haya

Subheading: A UAE-based medical company built to connect global healthcare manufacturers with the UAE and GCC healthcare markets.

Section 2: About Takara Haya

Takara Haya Medical L.L.C. is a newly established medical company in the United Arab Emirates, created to provide reliable healthcare products, infection control solutions, PPE, hygiene products, and medical consumables through partnerships with reputable international manufacturers.

The company works with selected medical manufacturers from Japan, Europe, and the United States to introduce high-quality healthcare products to the UAE and GCC markets.

Takara Haya supports private and government healthcare sectors, including hospitals, clinics, pharmacies, medical centers, healthcare groups, and critical facilities requiring medical support.

Our role is not limited to supplying products. We aim to support healthcare providers and international manufacturers through product selection, healthcare zoning, documentation coordination, representation, distribution, and long-term business development.

Section 3: Vision

Vision

To become a trusted UAE medical partner that connects leading international healthcare manufacturers with hospitals, clinics, pharmacies, healthcare groups, and medical facilities across the UAE and GCC, while building long-term value through reliable products, strong local support, and professional market representation.

Section 4: Mission

Mission

To deliver high-quality medical products and healthcare solutions from reputable international manufacturers to the UAE market, supporting private and government healthcare sectors with dependable supply, professional representation, product knowledge, documentation support, and practical solutions that improve safety, hygiene, and healthcare readiness.

Section 5: Our Purpose

Takara Haya was established to connect global medical innovation with the UAE healthcare market.

We aim to help international medical manufacturers enter and grow in the UAE while supporting local healthcare providers with trusted products, proper documentation, and dependable supply channels.

Section 6: Our Values

Quality

We focus on healthcare products that meet recognized medical and quality standards.

Trust

We build long-term relationships with healthcare clients, suppliers, and international partners.

Partnership

We work closely with manufacturers to develop their products in the UAE and GCC markets.

Reliability

We aim to provide dependable supply and professional support to hospitals, clinics, pharmacies, and healthcare providers.

Compliance

We support proper documentation, certifications, and product evaluation requirements.

Care

We believe medical products should support safer, cleaner, and more efficient healthcare environments.

Leadership

Leadership should build trust by showing the Chairman message and key people behind the company.

Section 1: Page Header

Heading: Leadership

Subheading: Takara Haya Medical L.L.C. is led by experienced professionals with strong backgrounds in diplomacy, operations, international cooperation, technical regulation, and strategic business development.

Section 2: Chairman Message

Message from the Chairman

H.E. Mohamed Ali Al Shamsi

Chairman, Takara Haya Medical L.L.C.

At Takara Haya Medical L.L.C., our vision is to build a trusted UAE-based medical company that connects international healthcare innovation with the needs of hospitals, clinics, pharmacies, healthcare providers, and critical facilities across the UAE and GCC.

As a newly established company, we are committed to developing strong partnerships with reputable manufacturers from Japan, Europe, the United States, and other global markets. Our objective is to introduce reliable, high-quality medical products, infection control solutions, PPE, hygiene systems, and healthcare consumables that support safer and more efficient healthcare environments.

We believe that successful healthcare partnerships are built on trust, quality, compliance, and long-term cooperation. Takara Haya aims to become a reliable local partner for international manufacturers seeking to enter or expand in the UAE market, while supporting healthcare providers with dependable products and professional service.

Our leadership team brings together experience in diplomacy, international cooperation, healthcare-related regulation, operations, and strategic business development. This foundation allows Takara Haya to approach the medical sector with professionalism, responsibility, and a strong commitment to serving the UAE healthcare market.

We look forward to building meaningful partnerships and contributing to the continuous development of healthcare supply, safety, and hygiene solutions in the UAE and wider region.

H.E. Mohamed Ali Al Shamsi

Chairman

Takara Haya Medical L.L.C.

Section 3: Leadership Profiles

H.E. Mohamed Ali Al Shamsi

Chairman

H.E. Mohamed Ali Al Shamsi is an accomplished Emirati diplomat and senior public-sector leader with extensive experience in foreign affairs, international cooperation, and crisis management.

He holds a Bachelor's Degree in Military Sciences and a Diploma in Crisis and Emergency Management. Throughout his career, he served in several senior positions at the Ministry of Foreign Affairs, including Counsellor at the UAE Permanent Mission to the International Atomic Energy Agency, Deputy Director of International Cooperation, and Director of African Affairs.

H.E. Al Shamsi also served as Ambassador Extraordinary and Plenipotentiary of the UAE to the Republic of Chad and as Ambassador to the State of Libya, contributing to the strengthening of the UAE's diplomatic relations and international partnerships.

Eng. Nazim S. Nemer

Vice Chairman

Eng. Nazim S. Nemer is a senior professional with over 33 years of experience within ADNOC, where he held key roles across maintenance planning, production operations, IT support, information systems, quality management, project management, and cost optimization.

Throughout his career, he contributed to the development and implementation of operational and technology-driven solutions, including exploration and development support, production operation systems, and business process improvement initiatives.

He holds a Bachelor of Science degree in Industrial Engineering from Texas A&M University, Texas, USA.

Walid Abdelaziz Elmowafi, PhD

Chief Executive Officer

Dr. Walid Elmowafi is an experienced Nuclear Safeguards Professional, Senior Regulatory Specialist, and International Expert with over 30 years of experience in the nuclear and radiological sectors.

He holds a Ph.D. in Nuclear Safeguards and has a strong background in Radiometric Physics. Throughout his career, he has contributed to the development of nuclear and radiation regulatory frameworks, emergency preparedness standards, and national emergency response planning.

Dr. Elmowafi has held key roles with the Federal Authority for Nuclear Regulation in the UAE and the Atomic Energy Authority in Egypt. He has also shared his expertise academically as an instructor at Mansoura University and various specialized training centers.

His experience includes regulatory development, emergency management, organizational leadership, business continuity, decision-making, negotiation, and representing organizations in national and international forums.

Partners

Partners page should attract international medical manufacturers and show Takara Haya’s representation and distribution role.

Section 1: Page Header

Heading: Our International Partners

Subheading: Takara Haya Medical L.L.C. works with selected international medical manufacturers to bring trusted healthcare products to the UAE and GCC markets.

Section 2: Partnership Overview

Takara Haya Medical L.L.C. works with selected international medical manufacturers from Japan, Europe, and the United States to introduce reliable and high-quality healthcare products to the UAE and GCC markets.

We aim to build long-term partnerships with manufacturers that provide trusted medical consumables, PPE, hygiene products, infection control solutions, and healthcare technologies.

Section 3: Our Role With Partners

- Product representation
- Distribution in the UAE market
- Product introduction to healthcare clients
- Private and government healthcare sector access
- Pharmacy and healthcare group coordination
- Business development
- Client meetings and follow-ups
- Product documentation coordination
- Market feedback and positioning
- Long-term partnership development

Section 4: Partner Regions

Japanese Medical Partners Healthcare products, infection control, hygiene solutions, PPE, hand hygiene, disinfectants, and hospital consumables.	European Medical Partners Medical consumables, PPE, infection control products, hospital-use products, hygiene systems, and healthcare technologies.
United States Medical Partners Advanced healthcare products, medical consumables, safety products, pharmacy-related products, and specialized healthcare solutions.	

Section 5: Message to International Manufacturers

If you are an international medical manufacturer looking to enter or expand in the UAE healthcare market, Takara Haya Medical L.L.C. can act as your local partner for representation, distribution, business development, product introduction, and client coordination.

We are building a trusted UAE platform for selected Japanese, European, and American medical companies seeking strong local presence and long-term opportunities in hospitals, clinics, pharmacies, and healthcare organizations.

Button: Partner With Takara Haya

Section 6: Partner Logo Area

This section should include partner logos when available. Each partner card can include company logo, company name, country, product category, short description, and catalogue button if available.

Medical Solutions

Medical Solutions should list the product categories and give visitors clear routes to request catalogues and quotations.

Section 1: Page Header

Heading: Medical Solutions

Subheading: Healthcare products, medical consumables, PPE, hygiene solutions, and infection control products for healthcare providers in the UAE and GCC.

Section 2: Medical Products & Solutions Introduction

Takara Haya provides medical products and healthcare solutions through selected international manufacturers, focusing on quality, reliability, and suitability for healthcare environments in the UAE and GCC.

Section 3: Product Categories

Heading: Need product details or a quotation?

Contact Takara Haya Medical L.L.C. to request product catalogues, specifications, certificates, or quotation details.

Buttons: Request Product Catalogue | Ask for a Quotation | Contact Us

Healthcare Zoning

Healthcare Zoning should show Takara Haya as a solution provider, not only a product seller.

Section 1: Page Header

Heading: Healthcare Zoning Solutions

Subheading: A structured approach to placing the right medical, hygiene, PPE, and infection control products in the right healthcare areas.

Section 2: Healthcare Zoning Introduction

Takara Haya provides healthcare zoning solutions by matching the right products to the right area inside a healthcare facility.

This helps hospitals, clinics, and healthcare providers improve hygiene, infection control, product availability, staff workflow, and patient safety.

The partner healthcare catalog shows zoning examples for nurse stations, wards, restrooms, ICU, operating theatres, central sterile supply departments, and long-term care facilities.

Section 3: What Is Healthcare Zoning?

Healthcare zoning means selecting and placing the correct medical, hygiene, PPE, and infection control products in each area of a healthcare facility according to its use, risk level, staff movement, and hygiene requirements.

Instead of only supplying products, Takara Haya supports healthcare facilities with a complete product placement concept.

Section 4: Zoning Areas

- Nurse Stations
- Wards
- Restrooms
- Intensive Care Unit
- Operating Theatre
- Central Sterile Supply Department
- Long-Term Care Facilities

Section 5: Products by Zone

Nurse Stations, Wards, and Restrooms

- Hand wash products
- Hand disinfectants
- Surface disinfectants
- Disposable gloves
- Masks
- Aprons and gowns
- Toilet hygiene products
- Dispenser placement

Intensive Care Unit

- Hand disinfection

- Surface disinfection
- Environmental cleaning
- PPE availability
- Gloves and masks
- High-touch surface hygiene

Operating Theatre

- Hand hygiene
- Disinfection products
- PPE products
- Controlled product placement
- Surface cleaning
- Surgical area hygiene support

Central Sterile Supply Department

- Medical device reprocessing
- Instrument cleaning
- Enzyme cleaners
- Manual cleaning
- Ultrasonic cleaning
- Pre-cleaning products

Long-Term Care Facilities

- Hand hygiene
- Resident room hygiene
- Restroom hygiene
- Common area disinfection
- PPE placement
- Surface cleaning
- Hand care products

Section 6: Benefits of Healthcare Zoning

- Improves infection control
- Supports healthcare staff workflow
- Reduces product misuse
- Improves hygiene compliance
- Helps facilities select the right products
- Creates a clear medical product supply plan
- Supports hospitals and clinics during product evaluation

Critical Facilities Medical Support

This page must clearly present Takara Haya as a medical company supporting critical facilities with medical supplies only.

Section 1: Page Header

Heading: Critical Facilities Medical Support

Subheading: Medical and healthcare-related solutions for onsite clinics, staff health, hygiene, PPE, and emergency medical readiness.

Section 2: Positioning Statement

Takara Haya Medical L.L.C. is a medical company.

The company does not present itself as a nuclear technical company, radiation safety company, or industrial engineering company. Takara Haya supports nuclear power plants and other critical facilities only through medical products, healthcare consumables, hygiene solutions, PPE, and onsite medical support supplies.

Section 3: Medical Support for Critical Facilities

In addition to hospitals, clinics, pharmacies, and healthcare facilities, Takara Haya can support critical facilities, including nuclear power plants, by supplying medical and healthcare-related solutions.

Our support is focused on onsite clinic needs, staff health, hygiene, infection control, PPE, first-aid products, and emergency medical readiness.

Section 4: Solutions Provided

- Onsite clinic medical consumables
- First-aid and healthcare supplies
- PPE products
- Hand hygiene products
- Disinfectants
- Surface cleaning products
- Staff hygiene solutions
- Emergency medical readiness supplies
- Medical consumables for facility healthcare teams

Section 5: Target Facilities

- Nuclear power plants
- Critical facilities
- Large facilities with onsite clinics
- Staff medical centers
- Emergency medical rooms
- Healthcare units inside large organizations

Compliance & Quality

Compliance & Quality should build trust with hospitals, pharmacies, government healthcare entities, and procurement teams.

Section 1: Page Header

Heading: Compliance & Quality

Subheading: Supporting healthcare product evaluation through proper documentation, quality standards, and reliable manufacturer coordination.

Section 2: Quality Commitment

Takara Haya works with international manufacturers that provide proper product documentation, quality certificates, technical specifications, and compliance records required for healthcare evaluation and distribution.

This supports hospitals, clinics, pharmacies, government healthcare entities, private healthcare groups, and procurement teams during product review and approval processes.

Section 4: Why Documentation Matters

Proper documentation helps healthcare providers, pharmacies, procurement teams, and government healthcare entities evaluate products with confidence.

Takara Haya supports the coordination of product information and supplier documentation to make the review process clearer and more professional.

Section 5: Quality Statement

Takara Haya aims to provide healthcare products that meet recognized quality standards and support the needs of hospitals, clinics, pharmacies, healthcare providers, and critical facility medical teams.

Contact Us

Contact page should make it easy for clients and manufacturers to submit inquiries.
